

# Service Lines at SavATree

Tree, shrub and lawn care specialists at SavATree provide you with a variety of customized services to meet all of your landscape needs. SavATree has established a tree service, plant health care and lawn care line that fully supports and maintains the company's environmentally sensible landscape management philosophy.

Some of the services we specialize in are artistic tree pruning and tree trimming, custom blend fertilization, hazard reduction, storm damage prevention and insect and disease management. A team of tree care industry certified arborists, plant health care experts, lawn care technicians and irrigation specialists are continuously developing our programs to ensure that we are providing you with the best possible service experience.
